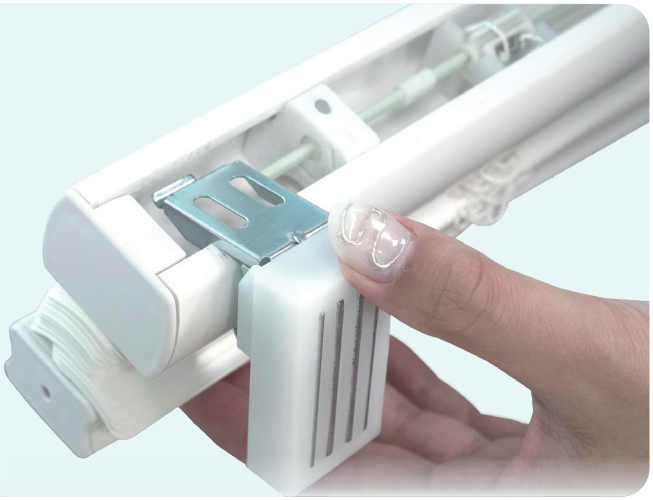
EZ Stick

Powerful Adhesive Base
Stick in Seconds

Magnetic Bracket

Strong magnetic hold for
quick and secure installation.



EZ STICK
Strong Hold

Simple Installation.

Tool-Free Installation

No drills, screws, or brackets required—simply install and enjoy.

Quick Install

Peel, press, and secure in just seconds

Holds up to 2x Shade Weight

Designed to support up to 2× the blind weight for secure installation.

Industrial Adhesive Technology

Engineered for strong, reliable adhesion on compatible smooth surfaces.

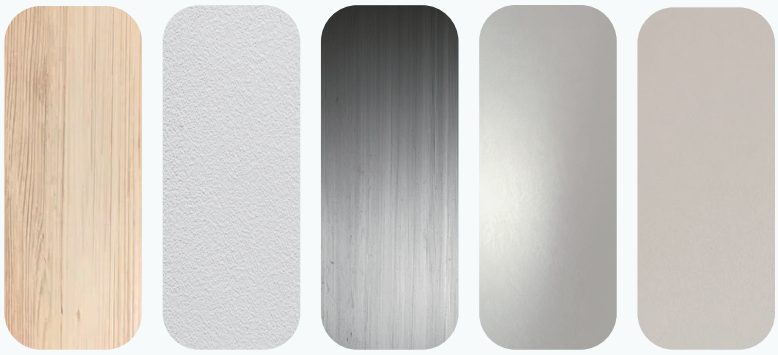
EZ Stick

HOLD STRONG

on smooth and flat surfaces:

DO NOT USE ON:

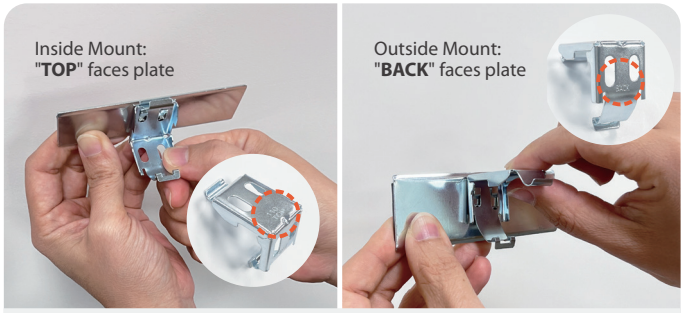
Rough Walls: Concrete, bricktextured walls or untreated wood.



Treated & Coated Wood | Painted Walls | Metal | Pvc Plastic Frames | Smooth Dry Walls

8 Easy Installation Steps

1 Measure Size
Wipe the frame with alcohol.



2 Attach
Snap the bracket onto the metal plate.

3 Click
Clip brackets onto the top rail until they click.

4 Clean
Wipe the frame with alcohol.

5 Peel
Remove adhesive backing from the metal plate.

6 Press
Firmly press the top rail & plate together for 15 sec.

7 Wait
Let the adhesive set for at least 12 hours before use.

8 Pull Down
Pull the blinds down evenly and adjust as needed.

Magnetic Bracket

Magnetic Hold

Made for Metal Doors.

Tool-Free Installation

No drills, screws, or brackets required-simply install and enjoy.

Quick Install

Peel, press, and secure in just seconds.

5 kg Heavy-Duty Hold

Supports up to 5 kg (11 lbs) for a stronger, more secure hold.

Magnetic Brackets

Powerful magnets provide a secure hold on compatible metal doors.

DOOR APPLICATIONS

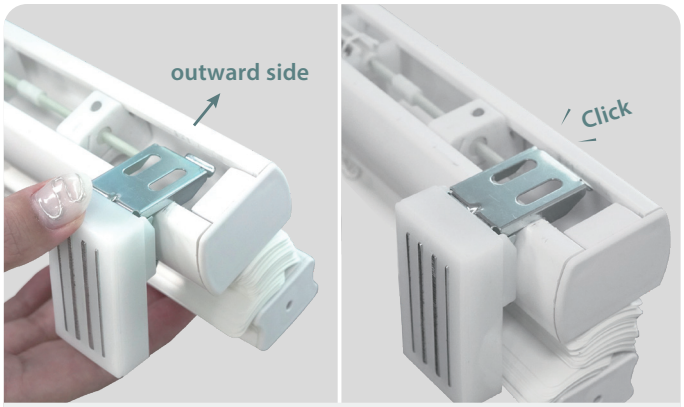
1. Test Your Door With A Magnet!

MAKE SURE YOUR DOOR IS **MAGNETIC**

NOT SUITABLE FOR **WOOD, ALUMINUM, OR STAINLESS STEEL**

Quick & Easy Install Steps

1 Measure the window width to determine the correct size.



2 Attach both brackets evenly to the top rail, avoiding the mechanism and cords. You'll hear a click when secure.

3 Lift the top rail to the desired height; the magnet will naturally attach to the metal door.

4 Snap the hold down bracket to the bottom rail.

5 Pull the blinds down evenly to level and repeat if needed.

Compatible with Our Blinds & Shades Collections

The No Tool Wing Collection is designed to support multiple window covering products, offering greater flexibility across various applications.

EZ Fit
NO TOOL FIT

Smarter Fit.
Better Installation.

Tool-Free Installation

No drills, screws, or brackets required—simply install and enjoy.

Quick Install

Twist, lock, and install in just 30 seconds.

5 kg Heavy-Duty Hold

Supports up to 5 kg (11 lbs) for a stronger, more secure hold.

Flexible Extension

The extendable structure flexibly adjusts to the window frame width for a secure fit.

5 Easy Installation Steps

1 Measure Size

Measure the window width to determine the correct size.

2 Press & Place

Press the spring-loaded right end inward and fit the shade into the window frame.

3 Slide & Fit

Lift the left end until both sides sit firmly against the frame.

4 Twist & Click

Follow the sticker direction to tighten the knob. When you hear a “click,” the shade is locked.

5 Attach Handle

Snap the handle onto the center of the bottom rail.
